

injectables are not cosmetics.

Like your favorite cosmetics, injectable treatments can improve your appearance, but they're foremost medicine that belongs in the hands of a qualified doctor.

DON'T TAKE RISKS.

Choose only a board-certified plastic surgeon, facial plastic surgeon, ophthalmic plastic surgeon or dermatologist with the training and experience to keep your safety first.

Demand the brands injected into you are FDA-approved, and bought in the USA.

DOCTOR. BRAND. SAFETY.

Physicians Coalition for Injectable Safety / www.injectablesafety.org

This project is made possible through generous unrestricted grants from Artes Medical, BioForm Medical, Medicis Pharmaceutical Company and Mentor Corporation.
